April 17, 1964

Memorandum to Mr. Thomas Robinson:

I have been presented with a dittoed copy of a "Draft Report to Chancellor and President", dated April 7, 1964, in regard to a contemplated WRVU-FM on-the-air proposal. As I have been asked for "additions and corrections as (I) feel necessary", permit me to note the following:

The Report's first paragraph stipulates specifics on day-and-hour operations that I do not recall being discussed with me. Item 6 and the first paragraph on page 2 indicate that all members of the Committee agree with the idea of a completely student-managed operation. As you know, I have strong doubts about this. This in turn casts questions upon the suggested yearly operational costs mentioned on page 2.

Before any "report" goes to the President and Chancellor there are still a number of these substantive matters that must be decided.

RICHARD J. COGGIN
Acting Executive Officer
